

## CAN THIS IMAGE CONVINCE YOU?

- Same Land
- Same Parking Requirements
- Same amount of parking spots

### The Difference?

- Less Square Footage Required
- Minimum Building Time
- Less Cost
- More Efficient

## WHO WE ARE

Automated Parking Corporation (APC) is a privately-owned company headquartered in the State of Florida in the United States of America. APC is a fully integrated Vehicle Storage solutions provider with over 16 years of domain expertise and successful operation in the United States and Latin America. APC is devoted to the consulting, integration, installation, maintenance and management of high-density vehicle storage projects.

The time to save is now.

Contact us for a complimentary parking assessment and discover how much time, revenue and space you can save!

## SAVE SPACE & MONEY WITH AUTOMATED PARKING

# PARKING MADE POSSIBLE

Not one development is the same, why should your parking solutions be? We provide you with custom Automated Parking solutions tailored to the specific needs of your project. From consulting to design and from integration to management, APC is there every step of the way. Our Automated Parking Solutions will result in significant cost reduction not only in land acquisition and usage; but also in costs related to construction, operation and maintenance.

## BENEFITS OF AUTOMATED PARKING

When parking requirements become an impossible challenge and threaten to hinder design and development opportunities, automated parking systems offer an array of ingenious and innovative solutions to overcome the most constricted space circumstances and the oddest land geometries.

### Lower Land Requirement

Even if land availability is not a problem, automated parking is still a ponderable solution that allows you to significantly reduce the space devoted to parking and increase opportunity for more relevant income-producing real estate development.

### Think More Land Less Parking

- Less land to build parking
- Reduced acquisition costs
- More income producing development
- Faster Construction
- Faster Depreciation
